Tennessee Valley Authority

or locations identified in TVA Reservoir Land Management Plans as requiring protection of the environment), or would be inconsistent with TVA's Shoreline Management Policy. In lieu of denial, TVA may require mitigation measures where, in TVA's sole judgment, such measures would adequately protect against adverse effects.

§ 1304.9 Initiation of construction.

A permit issued pursuant to this part shall expire unless the applicant initiates construction within eighteen (18) months after the date of issuance.

\$1304.10 Change in ownership of approved facilities or activities.

- (a) When there is a change in ownership of the land on which a permitted facility or activity is located (or ownership of the land which made the applicant eligible for consideration to receive a permit when the facility or activity is on TVA land), the new owner shall notify TVA within sixty (60) days. Upon application to TVA by the new owner, the new owner may continue to use existing facilities or carry out permitted activities pending TVA's decision on reissuance of the permit. TVA shall reissue the permit upon determining that the facilities are in good repair and are consistent with the standards in effect at the time the permit was first issued.
- (b) Subsequent owners are not required to modify existing facilities constructed and maintained in accordance with the standards in effect at the time the permit was first issued provided they:
- (1) Maintain such facilities in good repair; and
- (2) Obtain TVA approval for any repairs that would alter the size of the facility or for any new construction.

§1304.11 Little Tennessee River; date of formal submission.

As regards structures on the Little Tennessee River, applications are deemed by TVA to be formally submitted within the meaning of section 26a of the Act, on that date upon which applicant has complied in good faith with all applicable provisions of §1304.2.

Subpart B—Regulation of Nonnavigable Houseboats

§1304.100 Scope and intent.

This subpart prescribes regulations governing existing nonnavigable houseboats that are moored, anchored, or installed in TVA reservoirs. No new nonnavigable houseboats shall be moored, anchored, or installed in any TVA reservoir.

§ 1304.101 Nonnavigable houseboats.

- (a) Any houseboat failing to comply with the following criteria shall be deemed a non-navigable houseboat and may not be moored, anchored, installed, or operated in any TVA reservoir except as provided in paragraph (b) of this section:
- (1) Built on a boat hull or on two or more pontoons;
- (2) Equipped with a motor and rudder controls located at a point on the houseboat from which there is forward visibility over a 180-degree range;
- (3) Compliant with all applicable State and Federal requirements relating to vessels;
- (4) Registered as a vessel in the State of principal use; and
- (5) State registration numbers clearly displayed on the vessel.
- (b) Nonnavigable houseboats approved by TVA prior to February 15, 1978, shall be deemed existing houseboats and may remain on TVA reservoirs provided they remain in compliance with the rules contained in this part. Such houseboats shall be moored to mooring facilities contained within the designated and approved harbor limits of a commercial marina. Alternatively, provided the owner has obtained written approval from TVA pursuant to subpart A of this part authorizing mooring at such location, nonnavigable houseboats may be moored to the bank of the reservoir at locations where the owner of the houseboat is the owner or lessee (or the licensee of such owner or lessee) of the proposed mooring location, and at locations described by §1304.201(a)(1), (2), and (3). All nonnavigable houseboats must be moored in such a manner as to:
- (1) Avoid obstruction of or interference with navigation, flood control, public lands or reservations;
